

**Joshua A. Davis, FSA, EA, MAAA**

**Principal Consulting Actuary  
Cheiron, Inc.  
San Luis Obispo, California**

Mr. Davis is a principal consulting actuary with Cheiron, Inc. He specializes in Taft-Hartley sector consulting, development of modeling techniques and risk neutralization strategies. As the lead consultant on many large multiemployer pension plans, Mr. Davis routinely helps trustees understand trade-offs when confronting complex decisions. His experience includes producing actuarial valuations, experience studies, benefit calculators, and withdrawal liability calculations. He advises boards of trustees on paths to balance benefit security, benefit levels, and stable contributions. He helps boards establish funding and benefit policies for traditional defined benefit plans, implement and maintain variable defined benefit plans, and handle multiple mergers concurrently.
